## General Information

Journal references in *Mathematical Reviews* appear in the following form: *Rückschritte der Math.* (6) 5(56) (1960/61), no. 2, 18-53 (1962), where, after the abbreviated title, one has: (series number) volume number (volume number in first series, if given) (nominal date), issue number if necessary, first page-last page (imprint date). If only one date is given, this will usually be interpreted as the nominal date and will follow the volume number. If no volume number is given, the year will be used in its place. The symbol ★ precedes the title of a book or other nonperiodical that is being reviewed as a whole. If an issue of a journal needs to be reviewed as a whole (e.g., when it is a collection of articles dedicated to an individual) and an ad hoc title is devised for this purpose then the latter will appear in braces { }.

References to reviews in *Mathematical Reviews* before Vol-

ume 20 (1959) are by volume and page number, e.g., MR 15, 122; from Volume 20 to Volume 58 (1979), by volume and review number, e.g., MR 20 #4185 or MR 23 #A513; from 1980 on, by issue and review number, e.g., MR 80a:46017. References to reviews in *Jahrbuch über die Fortschritte der Mathematik* and *Zentralblatt für Mathematik* are by volume and page number for the period before 1972 (e.g., Jbuch 50, 173; Zbl 29, 323) and by volume and review number since 1972 (e.g., Zbl 218:46017). Reviews reprinted from *Applied Mechanics Reviews*, *Computing Reviews*, *Mathematics of Computation*, *Physics Abstracts*, *Referativnyi Zhurnal Matematika* (Mekhanika, etc.), or *Zentralblatt für Mathematik* are identified in parentheses following the reviewer's name by AMR, CR, MC, PA, RZhMat (RZhMekh, etc.), Zbl, respectively.

**Subscription information:** Subscription prices for the year 1985 of *Mathematical Reviews* including the annual index are \$2600 list, \$2080 institutional member, \$322 individual member (\$347 outside the United States), \$218 reviewer (\$243 outside the United States). Nonindividual subscribers outside the United States and India must pay a postage surcharge of \$35; nonindividual subscribers in India must pay a postage surcharge of \$55. Combination paper and microfiche subscription prices are \$3458 list, \$2766 institutional member. Microfiche of each issue will be mailed the fastest way possible as each issue is published.

**Back number information:** Back number prices per volume: Volumes 1-12, \$450 list, \$360 institutional member; Volumes 13-44, \$600 list, \$480 institutional member; Volumes 45-58, \$900 list, \$720 institutional member. Back number prices for 1980 are \$1900 list, \$1520 institutional

member; for 1981, \$2200 list, \$1760 institutional member; for 1982 or 1983, \$2800 list, \$2240 institutional member; for 1984, \$3300 list, \$2640 institutional member. Back volumes are available in microform from University Microfilms International, 300 North Zeeb Road, Ann Arbor, Michigan 48106.

Cumulative author indexes exist for 1940-59, 1960-64, and 1965-72. Cumulative subject indexes exist for 1940-58 and 1959-72. A cumulative author and subject index exists for 1973-79.

Orders should be addressed to the American Mathematical Society, PO Box 1571, Annex Station, Providence, RI 02901-1571. All orders must be accompanied by payment.

MATHEMATICAL REVIEWS (USPS 333-940) is published monthly plus, in December, an annual author and subject index issue, by the American Mathematical Society, 201 Charles St., Providence, RI 02904. Second-class postage paid at Providence, RI, and additional mailing offices. POSTMASTER: Send address changes to MATHEMATICAL REVIEWS, PO Box 6248, Providence, RI 02940.
